# About Us

---

We're a modern institute, set in Melbourne city's education precinct. We believe that our students must have the most experienced and professional faculty, the best facilities and the most comfortable environment to make learning a pleasure. Above all, we provide opportunities for our students to gain genuine skills required to forge successful careers.

We choose trainers who are experienced in providing education for students from diverse cultural backgrounds, and who can provide the support and counseling students need to succeed with their studies in Melbourne, one of the world's most livable cities. We provide the support required to assist students with the challenges they sometime experience when studying overseas, and in a second language - English.

Our students study with the aid of modern computer laboratories. The Institute is fully wired for network access, providing students with Internet connections from any computer on campus.

ANGAD Australian Institute of Technology is in a beautiful location, with inspiring views of green and peaceful Flagstaff garden right across the road. It's just a short walk to the shops, cafes, galleries, famous Queen Victoria Market, parks and festivals that make Melbourne famous with visitors from all around the world.

# About Melbourne

---

VIEW OF MELBOURNE FROM SOUTH GATE

## Modern Melbourne

Melbourne is a vibrant and beautiful city. It has been judged to be one of the most livable cities in the world, with a mixture of modern architectural wonders, along with elegant buildings, meticulously preserved from long ago. It is home to almost 3.7 million people, who come to live in Australia from every corner of the world. People feel safe in Melbourne, where it is easy to live, study and work in comfort and harmony.

## The Culture

Melbourne is truly a multicultural city, and there's something exciting to make everyone feel welcome. There are hundreds of street cafés and restaurants offering food from all over the world to suit every taste and budget. People enjoy an outdoor life, with many arts, ethnic and sports festivals, as well as beautiful parks, beaches, rivers and snowfields to enjoy – all within easy reach of the city. There are many markets and fairs all over the city and suburbs where wonderful food, arts and crafts can be enjoyed.

## The Weather

People who don't live in Melbourne like to make fun of the weather. They say Melbourne can have four seasons in one day! The reality is that Melbourne has a comfortable climate – mostly warm and dry in the summer and cold and sometimes wet in the winter. Many people say that Melbourne in autumn is something extra special. That's a time when the street trees present a spectacular pattern of gold, green, red and orange, and the days are cool and sunny. It's absolutely magnificent to be in Melbourne in autumn.

## The Shops

As well as being the business centre of Victoria, the city of Melbourne is full of large shops and interesting boutiques. It's the fashion capital of Australia. In the nearby suburbs are hundreds of smaller shopping centres, and a few huge ones. Melbourne is famous for its many "surprises", to be found in little shopping centres. You could go to a different café every day of the week, and not be in the same one twice – but everyone has their own favourites. There are several huge markets right near the city, where a wonderful array of cheap clothing, fresh food straight from the farm, computer goods, garden supplies, pets – just about everything you can imagine – are sold.

## Sports

There's no doubt about it! Melbourne people are sports mad. There are plenty of local sports clubs, gyms, indoor sports arenas, parks and fitness tracks that international students can enjoy. There aren't too many people from Melbourne who don't follow a football club. It's a passion, and the results of the Saturday football match is the subject of many a conversation at work on Mondays. Melbourne also hosts major events that attract people from all over the world - like the Australian Tennis Open, the Formula One Grand Prix, the Spring Racing Carnival, Basketball and Cricket!

## Public Transport

It's easy, safe and cheap to get around in Melbourne. There are the famous Melbourne trams, running up and down the city and throughout the suburbs, comfortable trains and buses as well. Many people choose to travel by car or bicycle, though parking your car in the city can be a bit of a challenge at times!

Flinders Street Station

## Housing

The city of Melbourne is full of apartments in tall buildings. These days, it's the fashion to live in the heart of the city. The suburbs of Melbourne spread for many kilometres from the city and there, people live in family homes with pretty gardens, units or blocks of flats. The costs vary greatly, depending on where they are, the size and the construction. There are many student apartments in the city and in the nearby suburbs. Students visiting Melbourne to study choose between living in student accommodation, share houses or living with families in "homestay" accommodation. Since Melbourne is a centre for international education, there are plenty of different options available for international students.

# Student Support Services

Being an international student is exciting, but it can also be challenging. We have a designated Student Support Officer who can be approached to gain advice on academic and personal issues. The Student Support Officer offers professional and confidential advice in areas where they can help. They can also provide links to external sources of support if necessary.

The types of common issues that the Student Support Officer is able to provide support are:

## Academic issues

Students are able to gain advice and support in ensuring they maintain appropriate academic levels. All students' progress is monitored and guidance and support provided where non satisfactory results are identified.

## Personal / Social issues

Students have access to the Student Support Officer through normal Institute hours

## Accommodation

The Student Support Officer is able to refer students to appropriate accommodation services and is always available to discuss any issues or concerns a student may have with their accommodation arrangements.

## Medical Issues

Student Administration will always have an up to date list of medical professionals within access from the Institute location and any student with medical concerns should inform the student support officer who will assist them in finding a Doctor.

## Social Programs

The student support officer will occasionally organise social events that allow all students enrolled to mingle and socialise. These events may range from cultural and sightseeing events, to dinners, excursions and sporting events.

## Refund of Tuition Fees

### Refunds due to non-delivery of course by Institute

Please note that Government Legislation requires unused portion of the prepaid tuition fees to be refunded if:

- The course does not start of the agreed starting date which is notified in the Offer Letter.
- The course stops being provided after it starts and before it is completed.
- The course is not provided fully to the student because the Institute has a sanction imposed by a government regulator.

### Refunds under the above conditions will be paid to the student within 10 working days.

The Institute may arrange for another course, or part of a course, to be provided to students at no (extra) cost to the student as an alternative to refunding course money. The student may accept the offer in writing within 30 days. Where the student agrees to this arrangement, the Institute will not be liable to refund the money owed for the original enrolment.

### Refunds based upon student application

All applications for refund must be made in writing by way of the 'Application for Refund' form (Available on website) and submitted to the Administration Manager for approval.

Please note: where the student withdraws from the course without notification or breaches their Visa conditions, no refund is payable.

-Applications for refunds are to be processed by the Administration Manager within 10 working days from the date of application.

-Refunds payable will be paid to the student within 28 days.

### The assessment of refund applications shall be granted as indicated below:

Enrolment Fee Tuition Fees Visa refused prior to course commencement	Non-refundable
Withdrawal at least 10 weeks to agreed start date	Visa refusal refunds are calculated in accordance with the legislative instrument under subsection 47E (4). The calculation under subsection 47E(4) is as follows: The amount of unspent pre-paid fees that the provider must refund the student for the purpose of subsection 47E(2) of the Act is the total amount of the pre-paid fees the provider received for the course in respect of the student less the following amount: the lesser of: (a) 5% of the total amount of pre-paid fees that the provider received in respect of the student for the course before the default day; or (b) the sum of \$500.

# Testimonials

Student Name: Eylem T.

During my studies at ANGAD in Melbourne, I have met many like-minded individuals from whom I have gained extremely useful ideas and information. This combined with the ANGAD's trainers' approachability and care for my specific learning needs (I already have my own business), made a whole lot of a difference to my personal, business and academic development. My teacher always made sure we had understood what he was teaching, and he really helped me to be a good student. My experience is that the ANGAD Institute helps students to progress and at the same time it gives them a solid grounding and confidence to pioneer in their future endeavours.

Student: Darshan K.

I enrolled to study an Advanced Diploma of Management because I wanted to become familiar with the western management environment. I have a dream to open my own Personal Care company in Australia. The really great thing about the management program offered at ANGAD is that it has allowed me to customize my course to fit my own interests, and the flexibility of the program fits well into my existing work schedule and work commitments. I'm working part time in aged care while I'm studying. The facilities at Angad are excellent and the training provided is second to none. I am really grateful to my trainer, who is very helpful, patient and caring.

Student Name: David P.

I'm from Mauritius and I'm really enjoying studying in Australia with ANGAD Institute. I chose to study Marketing because I like interacting with people and I'm quite creative. Actually, after I complete my Certificate course, I'm hoping to enrol in ANGAD's Diploma of Marketing. I think having these two qualifications will help me get a really good job. Because I am an international student, I have to work hard to achieve my study goals as fast as possible. At ANGAD, there's everything I need –including really helpful lecturers and the latest computers to work on. My trainers are helping me a lot. I know they really want me to succeed.

Student : Aparna R. K.

I think the Advanced Diploma of Management programme is AWESOME". My ANGAD trainer, Rohit, is so supportive and ready to help me in any way he can. I have gained valuable insight into how the management system works; especially how to develop and implement a new business plan. This is really important to me, because I own a small food services business here in Australia, and I am able to implement the skills and knowledge I am gaining in my business. It is really making a difference.

Student : Niterdra K.

My Advanced Diploma of Management experience at the ANGAD Institute changed my management outlook and structured my thinking process. The campus facilities, staff/faculty contributions and participative class discussions all made the experience an invaluable learning process. Our lecturers encourage us a lot and are available to help us if we need extra support. The hard work is worth it. I would strongly recommend the ANGAD Advanced Diploma of Management program to all of those seeking flexibility, practical learning, support and exposure to a broader management environment. It's very affordable, too, and that's important for many of us.
