INTERNATIONAL STUDENT REFUNDS – VET AND ELICOS COURSES

In addition to the above circumstances, refunds for international students will be calculated as set out in the table below. Note the weekly tuition fee and weeks in the default period have the meaning as set in the ESOS (Calculation of Refund Instrument) 2024.

CIRCUMSTANCE	REFUND DUE

Angad Australian Institute of Technology cancels course following commencement.	Full refund of all unspent fees calculated as follows: Weekly tuition fee multiplied by the weeks in the default period (calculated from the date of default).

CIRCUMSTANCE	REFUND DUE
to commencement.	
The student is refused a visa because they did not pay start their course at the agreed location on the agreed starting day or they withdrew from their course with Angad Australian Institute of Technology or they did not pay an amount due.	No refund. Fees for full study period (term) to be paid.
The student is refused a visa and therefore does not commence their course on the agreed starting day or withdraws from the course on or before the agreed starting day because of the visa refusal.	The refund amount is calculated as follows: The total amount of all course fees received before the default day minus either 5% of the amount of course fees or $500 – whichever is the lesser amount. *As an example, to illustrate this, if Sam has paid $1,500 in course fees but has his visa refused, 5% of $1,500 is $75. As this is a lesser amount than $500 this is what will be paid as a refund i.e., the refund amount will be $1,425.*
The student is refused a visa and has already commenced their course.	The refund amount is calculated as follows: The weekly tuition fee x weeks in the default period. *As an example, to illustrate this, Sam is studying a 40-week course. Each term is 10 weeks. The total fees for Sam's course are $10,000 in course fees and $500 in material fees. Sam pays the first term's course fees of $2,500 plus the material fee of $500. However, Sam completes 2 weeks (14 days) of his course but then has his visa refused.* *The weekly course fees for this course amount to $250 per week.* *The number of weeks in the default period is 8 weeks (56 days) i.e., to the end of the first term.* *Sam is therefore eligible to receive a refund of $2,000 i.e., the weekly course fees of $250 x the number for weeks in the default period of 8 weeks. Sam won't be eligible to have the material fees refunded.*
